Shaikh Zayed Grand Mosque

Located in the capital city of the UAE, Shaikh Zayed Grand Mosque opened its doors to the public in 2007. The beautiful mosque, built keeping in mind the historical and modern values of architecture and art, is the largest in the UAE and is also among the 10 largest mosques worldwide. The mosque — built by over 3,000 workers — was completed in 12 years at a total cost of Dh2.167 billion and can accommodate 40,000 worshippers. Up to 38 companies were engaged in the construction of the iconic structure.

It has four minarets which are 107 metres high each, along with 57 domes which are all decorated with white marble.

The best floral marble has been used to pave the courtyard of the mosque that measures about 17,000sqm. Seven copper and gold-plated chandeliers, including the world’s biggest which has a 10-metre diameter and 15 metre height, are fixed inside the mosque.

The Dh30-million carpet, the largest in the world, is another feature which helped the mosque enter the Guinness Book of World Records. Some 1,200 weavers took part in making this 47-tonne masterpiece which measures 5,627sqm in area.
